POLICE OFFICER KILLED IN CHASE

Plan Beaten in Oklahoma

MISSOURI RESULTS STILL UNCERTAIN, REED RUNS BEHIND

(BY A. P. NIGHT WIRE.)
BULLETIN
ST. LOUIS, Aug. 2.—United States Senator James A. Reed tonight had a lead of 8935 votes over Breckinridge, the Democratic nominee for the United States Senate, on the basis of unofficial returns from 3406 precincts out of 3848 in the State. Whether former third Assistant Secretary of War Long can overcome this lead will have to be determined by complete vote, political observers asserted.

OKLAHOMA CITY, Aug. 2.—With approximately two-thirds of the estimated total vote counted tonight, Mayor J. C. Walton, candidate for Governor, appeared virtually assured of the Democratic nomination for Governor. Walton increased his lead over E. Wilson, State Superintendent of Public Instruction and anti-Ku Klux Klan candidate, to almost 20,000 votes on the basis of unofficial returns from 1686 precincts out of a total of 2100 in Oklahoma.

Far East Problem Considered
Secretary Denby Advises Filipinos That Our Flag Should Stay

(BY WALTER ROBB)
"Times" Special Correspondent
MANILA, Aug. 2.—The transport Henderson, bearing Secretary of Navy Denby from Japan, encountered heavy typhoons playing hide and seek in Manila Bay. It was able to dock safely only after withdrawing beyond the breakwater and putting two lines out both fore and aft.
In an interview given immediately after landing the Secretary discussed the scrapping of warships and the problems confronting the nations of the Pacific.

SECRETARY'S SPEECH
The Secretary entered into the Washington disarmament conference are being followed in spirit and letter by all the nations. Japan like the United States is a nation which is under construction at the date of signing," he declared.
No fixed penalty was set for violating the terms of the conference which does such a thing would forfeit the confidence of the entire world. The treaties confer a responsibility on the nations to maintain a confidence for disarmament, while the nations realize that a final settlement of the Pacific questions is far off, they are approaching the problems with a better feeling toward each other.

STRIKERS WANT PEACE

Acceptance of President's Settlement Plan Voted by Shopmen's Leaders
(BY A. P. NIGHT WIRE.)
CHICAGO, Aug. 2.—Full acceptance of the peace proposal submitted by President Harding was voted tonight by leaders of the railroad shopmen who, however, gave their own interpretation to the terms of the settlement.

length of their service, should be placed in a position of inferiority to a limited number of men who have been employed as substitutes for those experienced railroad workers.
Replying to the President's suggestion that the board of directors agreed to abide by decisions of the Railroad Labor Board, the reply said the shopmen had always taken the position that so long as they continued to render service, they should abide by the rules and working conditions and accept the wages agreed upon by proper negotiations or determined by the board after a hearing of a dispute.
ACCUSE ROADS
Violations of the law, refusal to abide by decisions of the board have been exhibited only by the railroad managements," the reply said, and asserted that suspension of work under non-acceptable conditions is proportioned to the

HARDING "AT SEA" Strike Becomes Bugbear

Rail Executives' Unexpected Refusal of Peace Proves Hard Jolt

White House Reply to Both Sides Expected Within Few Days

WASHINGTON, Aug. 2.—The unexpected refusal of the railroad executives to accept President Harding's settlement proposal apparently has left the administration clearly "at sea" so far as making any new move to end the rail strike is concerned.
The shopmen's statement of acceptance has not yet been received by the President. Until it has he will have no comment to make on the situation. It was said at the White House.

Secretary of Commerce Hoover, the President's closest adviser in the strike situation, held a long conference with Mr. Harding today, following his return from New York where he addressed the rail executives at the opening of their meeting yesterday. Upon leaving the White House Mr. Hoover refused to discuss the strike situation, other than to say that everything was up to the President.

WATCHFUL WAITING
Secretary of War Weeks also conferred with the President. He expressed the view that no immediate move would be made and that the administration would be inclined to allow the situation to drift for a few days.
It is generally believed that Mr. Harding would make reply to the strikers within the next day or two and that he would take advantage of the occasion to point out that the full responsibility for continuation of the strike rests now upon the strikers.

In some quarters it was predicted he would invite the strikers to back to work at once, leaving the seniority question to be settled by the Railroad Labor Board. Under this plan the men leaving the strike would retain their seniority status and when this was denied them they could carry the case to the board. The authority of which both sides have now agreed to recognize. This plan, however, was declared to be unlikely by the strikers who took part in the writing of the Communiqué. They took the view that the board could not properly assume jurisdiction over the seniority question unless both sides asked it to.

DON'T NEED STRIKERS
The opinion among some competent observers was that the administration would simply mark time and give the railroad an opportunity to prove that they could operate effectively without the services of the striking shopmen. Some of the roads probably will be able to do this. Roads which are not able to operate effectively particularly coal carriers reaching into the producing bituminous fields, are taken over and operated by the Federal government pending the settlement of the strike.

"LOGICAL RESULT"
NEW YORK, Aug. 2.—"Disintegration" of the striking shopmen's ranks was declared today on behalf of the American Association of Railway Executives to be "the only logical result" of the refusal of the terms of settlement argued for by Secretary of Commerce Hoover on behalf of President Harding.

That the executives, claiming public approval, believe that they now are the masters of the situation, was the tone taken in a statement by John G. Walber, secretary, speaking for the association. If his declaration is adhered to, the roads will refuse to let before the Rail Board the question as to whether returning strikers will resume their seniority status. That the roads regard the whole seniority system as a means of safeguarding them against strikes was indicated by Mr. Walber's statement when he said that only under Federal control had the roads regained their former judgment. He reinstated strikers without forfeit of seniority rights project is constructed. If at that time the need is shown it is sure that Los Angeles will stick to her word," said Trent G. Anderson, as-

LATEST NEWS

Water Power Permits
WASHINGTON, Aug. 2.—Two water power projects in Inyo county, California were included in a plan for permits, announced today by the Federal Power Commission. The Southern Sierras Power Company asked a permit to construct four storage reservoirs at the headwaters of Bishop Creek, a tributary of the Owens River and the city of Los Angeles sought a permit to cover a power development on Pine and Morgan creeks, partly in the Inyo National Forest.

Rail Guards Fired On
BAKERSFIELD, Aug. 2.—Three special guards of the Southern Pacific were fired on in East Bakersfield, according to report to the railroad offices tonight. Police headed by Chief of Police Charles H. Stone conducted an investigation. No arrests were made. Between fifteen and twenty shots were fired. It was said.

Fine Ford as Speeder
LEROY, (N. Y.) Aug. 2.—Henry Ford, Detroit automobile manufacturer, paid a \$20 fine yesterday as a penalty for violating the speed ordinance when passing through Leroy in his large touring car. Ford said that he was trying to make the evening boat at Buffalo for Detroit.

To Seize German Plants
PARIS, Aug. 2.—The penalties France will carry out against Germany at noon Saturday will be the seizure of German industrial enterprises still tolerated in Alsace Lorraine. It is also proposed to seize some of the industries in occupied Germany, possibly in the Ruhr Basin but the final decision will be made by the League of Nations.

Man Kidnaped
Mrs. Lola Flowers, rooming-house keeper at 518 Maple avenue, reported to members of the police fire squad early today that her husband, a motor car salesman, was kidnaped last night by three men, and at the point of a gun forced to enter their automobile, which sped away. The police answered a call early Wednesday morning at the residence of Mrs. Flowers, who accused Coffey of extorting \$50 from her.

Prayers for Northcliffe
LONDON, Aug. 2.—Prayers for the recovery of Lord Northcliffe are being offered daily in the church in London at the request of Lord Northcliffe's mother, who lives near the Little town.

COBLENZ SITUATION DELICATE
(BY CABLE AND ASSOCIATED PRESS.)
PARIS, Aug. 2.—The position of the American force of 1100 men on the Rhine has suddenly become very delicate owing to the continued influx of French troops at Coblenz.
Major Gen. Henry T. Allen holds supreme command in the American area, including the French troops. It is understood that Gen. Allen has been consulted by Gen. DeGoutte, allied commander-in-chief on the Rhine, in but a brief manner only. The arrival of more troops threatens to become embarrassing.

The French General Staff considers Coblenz such an important bridgehead that it should hold more than 1100 American soldiers and have thrown 3500 French troops, mostly artillery, in Gen. Allen's area. The movement began in mid-July at the first fears of disorder in Germany.

AGREE ON RIVER RIGHTS
FRESNO, Aug. 2.—Difficulties existing between the city of Los Angeles and irrigation and agricultural and civic bodies of the San Joaquin Valley which followed the making of applications by the southern metropolis for filings on the Kings River were temporarily settled here today at an adjourned joint hearing of the Federal and State Water Power Commission.

"I will state that the city of Los Angeles does not want to rush matters and is most desirous of allowing the situation to remain in status quo until the Pine Flat project is constructed. If at that time the need is shown it is sure that Los Angeles will stick to her word," said Trent G. Anderson, as-

stant City Attorney of Los Angeles. His reply was made to a statement by Senator M. B. Harris of Fresno calling attention to promises made at previous hearings by City Attorney Matthews of Los Angeles, that the city of Los Angeles would step aside if the need for power was demonstrated in the Valley.

DEATH TERMINATES CHASE

A man thought to be R. L. Maytorena of 1540 Cothland street was shot and killed by Patrolman C. O. Groom late last night following a frantic automobile chase in which a steady fire of bullets was fired. The man's refusal to stop his car when ordered to do so by the policeman was responsible for his death.

Patrolmen Groom and S. A. Eizman had been detailed on the case of Mary Hough, who was shot and probably fatally wounded earlier in the evening in Country Club Drive. They had commandeered a citizen's automobile and were seated in it at the corner of Pico street and Arlington avenue when a machine suddenly shot around the turn. It swerved into another car which it had attempted to pass.

The undue haste of the automobile excited the policemen's suspicions. Two men were seated in the machine; a man riding in the Hough girl only a short time before. "Wait a minute," shouted Patrolman Groom, "Halt that car." Instead of obeying the man at the wheel stepped on the accelerator and the machine darted down Arlington avenue.

"Follow it!" the policeman ordered the citizen driver of the commandeered car. For several blocks the chase proceeded, with Eizman and Groom standing on the running boards and pumping bullets at the speeding auto. Finally, after several corners had been turned, one of the men leaped from the machine and began running. Instantly Patrolman Eizman jumped from the running board of the pursuing car and scurried after him. Groom, still shooting, continued the chase. A block further on at Eleventh and Magnolia streets, the driver abandoned the wheel. Without even waiting to throw out the clutch or jam on the brakes, he leaped to the pavement and disappeared up an alley. The pistol car lurched, whirled around several times, and then stopped.

A banking auto had dashed up the alley in pursuit. "Halt!" he called once more and then fired. The runner dropped. He was dead. Before he could be taken to the Receiving Hospital he was dead. Mrs. Bashaw has had the care of the dogs since March, when Mrs. Howard died. By the terms of the will of Mrs. Margaret Howard, has filed a petition in the Probate Court asking \$75 per month for the care of the canines. Mrs. Bashaw has had the care of the dogs since March, when Mrs. Howard died. By the terms of the will of Mrs. Margaret Howard, has filed a petition in the Probate Court asking \$75 per month for the care of the canines. WIFE IN DARK
Mrs. Grace Maytorena, wife of R. L. Maytorena, slain last night by a patrolman, was located early today at 2330 West Ninth street. The wife is an employee of a cafe at Sixth and Spring streets. She told Detective Sergeant Longueval and Davis that her husband had been last night, of his companions were. She verified reports that Maytorena was a dealer in used cars.

FINANCIERS URGE DEBT CANCELLING

Morgan and Kahn Assert Allies Should Not be Forced to Pay War Loans

(BY EDWIN L. JAMES)
(BY CABLE—EXCLUSIVE DISPATCH.)
PARIS, Aug. 2.—Recently J. P. Morgan, when in Paris, was asked what in his opinion was the proper way to handle the debts of European Allies to the United States. Mr. Morgan replied: "These debts should be cancelled. As a practical proposition they can never be paid, but they should be cancelled for another reason. That money was loaned our Allies after we entered the war, at which moment we pledged all our strength and resources to winning it. When we entered the war, in April, 1917, we could not send soldiers because we did not have them ready. We sent money in the form of loans to our Allies. While we were sending soldiers, the Allies were sending dollars until our soldiers got there. I look at these loans as being the same sort of contribution to victory as our sending 2,000,000 troops—both contributions to victory."
Otto H. Kahn, who has recently made a tour of Europe, is more than ever convinced that these loans should be annulled. "I know no way in which they can be repaid," he said. "The consequences ruinous to most of our debtors and highly damaging to ourselves," he said not long ago. "By means of gold, raw materials and other assets usable by us only a small fraction could possibly be repaid. The rest would be paid by the debtors themselves, and we did not want them to be paid because they would be disastrously depleting their own commerce and industry."

Mr. Kahn favors cancellation of the debt to America as part of a general plan for adjustment of international indebtedness.

DRAMA CHASE THROUGH STREETS

A man thought to be R. L. Maytorena of 1540 Cothland street was shot and killed by Patrolman C. O. Groom late last night following a frantic automobile chase in which a steady fire of bullets was fired. The man's refusal to stop his car when ordered to do so by the policeman was responsible for his death.

SENATE PAUSES TO HONOR DEAD

Death of Senator Crow Ends Long Session

Adjournment of Congress in October Likely

Final Vote on Tariff Bill Expected Soon

(REUTERS DISPATCH)
 WASHINGTON, Aug. 2.—The death of Senator Crow of Pennsylvania today brought to an end the longest legislative day ever known in the history of the United States. By recessing from one day to another the Senate has been consecutively in session from April 10 to the present time without the breaking of the legislative day which started on that spring morning. When the news of the death of the senior Senator from Pennsylvania was announced to the Senate it adjourned until noon tomorrow out of respect, and when it convenes it will begin a new legislative day.

RATES CONSIDERED
 As the Senate took this action there was practically an agreement in sight for the final vote on the tariff. It will be tither on August 17 or 19. All committee amendments are to be reported by August 11 at any rate and if the Democratic and Republican leaders can get together a vote is certain. The final vote will take place either on August 17 or 19.

Immediately thereafter the Senate will recess for four or six weeks while the tariff bill is in conference. Adherents of the measure will try to force this measure through the Senate as the price of the recess and may have enough votes to do it. Final action on this measure, however, will not be taken at this session of Congress or if it should will encounter a Presidential veto unless a sales tax provision accompanies the measure.

DELAY SUBSIDY BILL
 Members of the Ways and Means Committee expect to take four or more weeks in ironing out the differences in the Senate and House drafts of the tariff, and final action cannot be expected until the latter part of September. Practically all leaders of all parties agree that the ship subsidy measure will not be considered until Congress meets again in December.

Friends of the tariff declare that the conferees will have vastly more difficulty in arranging the differences in the subjects of ratification and valuation features of the bill than they will over the variations in the subjects of ratification and valuation features of the bill.

If the program for a vote on the tariff in the Senate is unchanged final adjournment of both houses of Congress will take place between October 1 and 15.

Bolivia Warned Against German Officers' Work

(BY CABLE AND ASSOCIATED PRESS)
 PARIS, Aug. 2.—The Council of Ambassadors decided today to send a note to the Bolivian government warning that under no circumstances would the allied powers tolerate the recognition of the so-called pre-war military council in Bolivia, which was largely composed of German staff officers. The allied nations have been informed that one of the German officers had already arrived in Bolivia and begun the work of reorganization of the Bolivian army, and that another is on the way from Berlin.

Bolivia is reminded in the Council's communication that as a signatory of the treaty of Versailles, she, as well as all the other signatory powers, is strictly prohibited from employing German officers as advisers of her army or navy.

NORTHERN YACHTS ARE SHIPPED SOUTH

(BY A. P. NIGHT WIRE)
 SEATTLE (Wash.) Aug. 2.—Ted Geary's championship yacht, the Str Tom, and the Canadian challenger, the Patricia, Capt. Ron Mattison, shipped last night aboard the Admiral liner, H. P. Alexander, for San Pedro where they will sail against the crack California class B yachts for the Str James I. Sherwood cup, emblematic of the Pacific Coast championship.

Geary, fresh from another successful defense of the Lipton cup, which he has held for eight years, is confident of taking the new trophy.

BITUMINOUS MINING ABOUT HALF-NORMAL

(BY A. P. NIGHT WIRE)
 WASHINGTON, Aug. 2.—Bituminous production began increasing again this week, and, according to figures compiled by the railroads, 14,761 cars were loaded with coal at the mines Monday, the latest day for which output has been reported. This compares with an average of about 11,000 cars per day produced last week and with a high point of approximately 17,000 cars which has only been attained on one day since the miners struck on April 1.

Monday's output in tons, it was estimated, was above \$60,000 and if maintained through the week would give a total bituminous production of approximately 5,000,000 tons or about half of the normal consumption.

Mexican Army Officer Keeps Police at Bay

(EXCLUSIVE DISPATCH)
 CALEXICO, Aug. 2.—Lieut. Ramon Salazar of the Twenty-ninth Battalion in Mexico claims the honor of being the best marksman in the Mexican army, according to reports reaching here today. He is alleged to have entered the Black Cat resort last evening and missed his drinks, then to have gone out and started target practice on the glass insulators on the telephone poles. The police arrived, but only formed a circle with a large radius around the shooter, who had lowered his aim to just above their heads. It was stated that the police patrol wagon arrived, but right on going when Salazar took a shot at it. Gen. Pablo Macias was finally called on to corral the man. He did.

Two Are Accused of Bringing Chinese Across Border

(BY A. P. DAY WIRE)
 CALEXICO, Aug. 2.—Charles Stillwell, fireman on the Inter-California Railroad is under arrest here today by Federal immigration authorities on a charge of implication in alleged smuggling of Chinese across the Mexican border. The arrest followed information from Bakersfield that an alleged companion of Stillwell had been taken into custody in the northern city with a Chinese.

LOS ANGELES, Aug. 2.—C. C. Craig and Carly Wick, both of Calexico, were brought here today by Federal immigration authorities following their arrest near Bakersfield, on a charge of smuggling a Chinese across the Mexican border. The men had the Chinaman with them when they were arrested, and according to the immigration officers, were taking him to San Francisco.

JAPANESE SETTLERS OPPOSED IN ARIZONA

(EXCLUSIVE DISPATCH)
 JEROME (Ariz.) Aug. 2.—Bitter opposition is expressed in Northern Arizona to efforts of Japanese to establish themselves in the agricultural sections. Local sentiment has prevented a settlement of Japanese on Beaver Creek, above the Verde Valley, but it is now reported that a Japanese colony from the Salt River Valley has enlisted the Santa Fe railroad's pump-house ranch nine miles from Flagstaff and that the white ranchers of the Oak Creek section are protesting vigorously.

**BACK HARDING
IN CONVENTION**

Iowa Republicans Indorse
His Bonus Attitude

Short Ballot Primary Gets
Place in Platform

Fights Between Capital and
Labor Attacked

(BY A. P. MURPHY WIRE)
DES MOINES (Iowa), Aug. 2.—
The Republican party of Iowa, in
State convention today, reaffirmed
its position in favor of the short
ballot primary and instructed the
assembly of a State convention
prior to the next primary to in-
dorse party candidates for United
States Senator and State officers;
indorsed the principle of the Fed-
eral Reserve System; got back of
President Harding's position on
Federal soldier bonus legislation;
indorsed the pending State bonus
proposal and heartily plauded the
legislative record of Senator A. B.
Cummins, while neglecting to men-
tion Smith W. Brookhart, the
party candidate to be Cummins's
Senatorial colleague. The Repub-
lican platform, which was adopted
by unanimous action, contained
one of the most outspoken pro-
nouncements upon public rights in
rights between labor and capital
that ever has appeared in the
party utterance; defended juries
and courts against attacks from
either "Socialists" or "Anarchists,"
seeking to destroy them, and pro-
posed a budget of definite legisla-
tion upon agriculture.

THREAD ON BROOKHART
Indorsement of the Brookhart
Bill, the rock upon which it
was predicted the convention
might be split if it ever became an
issue, missed indorsement in the
convention resolutions committee
by the narrow margin of one vote.
Despite that, the platform
rather roughly on Mr. Brookhart's
toes in at least two places, Brook-
hart made the following statement
at adjournment:
"The platform does not repudi-
ate any pledges I have made to the
common people during the
primary campaign and I will keep
every one of them to the utmost
of my ability."
"We recognize," the platform
states, "the right of labor to or-
ganize for its own protection and
its right to act collectively in a
lawful manner. The Constitution
of the United States guarantees to
every citizen the right of life, lib-
erty, property and the pursuit of
happiness, and every individual
who wants to engage in any legiti-
mate employment, whether he be
a member of a labor organization
or not, has the right to do so with-
out being intimidated or molested."

CALL CONVENTION
There must be a recognition of
the fact that our complex modern
life has created conditions which
make it intolerable for any man
or group of men to disregard the
general interests of the commu-
nity."
After repeating the declaration
of the platform of 1920 as to the
primary, the document adopted
states:
"In the event the General As-
sembly shall not comply with this
demand for a substantial revision
of our nominating system, then we
renew the Republican State Con-
vention for electing delegates to the
next Republican national conven-
tion to call such State convention
for a date not later than Feb-
ruary, 1924, and to include in the
call thereof, as a part of the busi-
ness."

**TEXAS FEUD BLAZES
FORTH IN ARIZONA**

FATHER AND SON PEPPERED
LEAVING COURTHOUSE
AT PHOENIX

(EXCLUSIVE DISPATCH)
PHOENIX (Ariz.), Aug. 2.—A
Texas feud, brought to Arizona,
broke out afresh this evening on
Jefferson street, just back of the
County Jail and under the windows
of the Superior Court rooms. Wil-
liam Chas. and son, from Abilene,
Tex., were driving from the
courthouse yard when they were
attacked by A. J. Anderson and
nephew, Henry Johnson. One was
armed with a shotgun and the
other with a pistol.
Seven shots were fired by the
attackers, which peppered the backs
of the jail with bullets and buck-
shot. Anderson shot took effect,
the older Anderson being struck on
the leg by part of a shotgun charge
as he and his son jumped from the
machine and ran for protection
into the Sheriff's office. The car
ran across the broad street and
rebounded from the front of a
building next to the fruit store
where Anderson has been em-
ployed.
In the car the Sheriff's deputies
found two repeating shotguns, a
high-power rifle and two automatic
pistols, concealed under travel
equipment and not available in the
fight. Anderson pursued the
wounded man and ran into the
present revolver of Deputy Sheriff
Price Johnson has not been
found. This evening Anderson is
under examination by the County
Attorney.
It is reported that in Texas
Johnson had been connected with
an assault upon and wounding of
one of the Chas. family, but was
released through Anderson's ef-
forts. The latter avers that the
Chas. came to Arizona to kill
him and asked protection from the
Sheriff. As no overt act had been
committed, nothing could be done.
It merely happened that the en-
counter was precipitated. For
Chas. had gone to the Court-
house simply to have his car regis-
tered under Arizona laws and his
artillery still was under cover.

The True Story of LANDRU The French Bluebeard

By William Le Queux

Having spent her money, Landru now appears to have definitely determined to rid himself in the usual manner of Mme. Buisson. He had several letters bearing his signature, which he subsequently forged to an assignment in favor of her furniture. He wished to visit her blind son at Bayonne, and so told other people of the pension where she and Landru were staying. Landru attempted to drive there by motor, but was later established that he bought a spade at Biarritz before he started. They left at night, immediately after dinner.

Buisson never reached Bayonne. Her body was subsequently found in a shallow grave in a grove of pines beside the road where it leads through the valley of the Adour River on the way to Bayonne. Her clothing was found among Landru's other murder souvenirs in the attic of his garage at Neuilly. There were no marks of violence upon the body and there appears to be no question but that Landru poisoned her during their last dinner in the pension at Biarritz.

Turning back to Biarritz, Landru drove through the town in the night and continued toward the Spanish frontier by the lower road to Hendaya, the frontier town of Spain.

There, just after midnight, he took a room at the new hotel, "The Palmira," in the name of Jean Barry.

Accompanied by a girl with whom he had made acquaintance, he spent an idling day in Fuenterrabia, lunching at the Hotel Europa, and exploring the little town with its quaint narrow streets and massive white houses, with overhanging eaves, adorned with wonderful balconies of wrought iron and gorgeous arched windows. Even the local number of Fuenterrabia seemed to shelter his many-quartered secret.

The distance between the Spanish frontier and Paris is nearly 1000 kilometers, but Landru set out on the following day on his return to the capital.

The curious fact was that on his way through the town of Bayonne, due to the bridge, he actually passed the house where lived the mother of Mme. Buisson—the young woman whose illness in the beginning of 1913 caused inquiries to be made by his missing mother; inquiries which eventually proved that the man and woman, Monsieur Charles, alias Fremont, of Gambia, alias Guillot, the engineer, who had a sal in the Rue Roche-

BITES TONGUE, FACES DEATH

Boy's Blood Will Not Clot and Life Ebbes Slowly Away

(EXCLUSIVE DISPATCH)

ATLANTIC CITY (N. J.)

Aug. 2.—The life of Solis Rosenstein, 6 years old, who bit his tongue while eating his dinner can be saved only by a blood transfusion, physicians believe. The boy's tongue has been bleeding for two days and the blood fails to clot.

Physicians say the lad's affliction is unusual, and he is in a critical condition. His mother, Mrs. Minnie Rosenstein, has volunteered for the operation.

Springville one, Strathmore ten and Goshen one.

The clinic has closed for the month of August and will be reopened September 4.

The institution is conducted for citizens of the county who would not otherwise have proper physical care and special attention is given to those diseases which predispose tuberculosis. Family physicians of the patients are summoned or any doctor in the county whose services they desire.

CHARTER ELK LODGE

TULARE, Aug. 2.—Word has been received by Secretary C. J. Kennedy of Tulare Lodge No. 1424, B.P.O.E., that the charter for the organization was granted at the Grand Lodge held recently at Atlantic City.

The lodge was organized in Tulare about a year ago and was instituted at ceremonies held at the Tulare Livestock and Agricultural Show on September 15th. They now have a membership of 194 with about twenty-five applications pending, eight of which have been elected to membership but are waiting initiation.

Exalted Ruler F. J. Held attended the Grand Lodge in Atlantic City and is expected to return to Tulare soon.

APPROPRIATED REPORTS

VISALIA, Aug. 2.—A check for \$200 has just been received by the Visalia Fire Department from the California Packing Corporation, in appreciation of the work of the department in checking the flames which destroyed the company's Plant No. 17 in Visalia on June 19th from spreading to adjacent buildings of the concern.

DINUBA OUTLOOK GOOD

DINUBA, Aug. 2.—The Dinuba plant of the California Peach and Fig Growers is preparing for a splendid season. While the plant has not been completed everything is in readiness for the pack and the first figs have already been sent in. The Black Mission figs this year are more than double what they were last season. For the standard variety, 11 1/4 cents is being received. Last year the price was 5 cents. Choice Black Mission bring 14 1/4 cents while last year 7 cents was the price. Fancy Black Mission bring 17 1/4 cents this year.

Standard Callimyras sell at 3 1/4 cents this year, last year bringing 4 1/4 cents. Choice Callimyras bring 11 3/4 cents this year as compared with 1 1/4 cents received in 1921. Fancy Callimyras this year will bring 14 1/4 cents as the price last season was around 11 cents per pound.

Other varieties also show a substantial increase in price.

START GRASS FIRE

CLAVICLE, Aug. 2.—Children at play started a grass fire between the river and the Elster holdings and considerable dry feed was destroyed. No cattle suffered during the fire period as horsesman raced ahead of the flames and headed off their course. Fire fighters were almost surrounded by the flames but strenuous efforts were successful in preventing injury to men or animals.

A smaller blaze on the picnic grounds was thought to have been caused by cigarette smokers. Picnickers and smokers are said to have been responsible for all fires in this section so far this season.

HUNTER KILLS WIVES

EXETER, Aug. 2.—Having just learned that her first husband is still alive, Irene Morgan of Exeter, has petitioned the superior court for the annulment of her marriage to Dewey Morgan, which occurred Dec. 2, 1917, at Blytheville, Ark. Karl A. Macchettani is her attorney.

SHOOTING FESTIVAL

PORTERVILLE, Aug. 2.—James Harrison, who stamped "Globe-town" — Porterville's "Cabbage Patch," last night by stepping outside his cottage and emptying his revolver many times in all directions after announcing that he was going to "get them" was sent to the County Jail for twenty days by Judge Avery.

Harrison was subdued by Deputy Frame but insisted that some unknown person was trying to electrocute him. He is suspected of being unbalanced mentally and will be closely studied at the county seat.

Max Gatsloff, who recently returned from a deaf and dumb school, was also taken in custody and will be examined as to his sanity. Gatsloff assumed a threatening attitude toward a neighbor named Webber. He amused himself by marching up and down in front of the Webber house beating a large can with a stick. When Webber appeared, the youth dropped the can and rushed him with a club.

NEW CITY CHARTER

VISALIA, Aug. 2.—Visalia's proposed new city charter, if the main charter commission accepts in principal the reports of its drafting committee, will be a city trustee form of government with a city manager. The drafting committee composed of Messrs. E. J. Fenster, James M. Burr, and N. F. Bradley, has arrived at this decision and has prepared a rough draft of the proposed new charter ready for submission to the main body at the next meeting.

POSTOFFICE REPORT

REFLECTS PROSPERITY

(LOCAL CORRESPONDENCE)

REDLANDS, Aug. 2.—Business in Redlands is better than ever before in July judging from activities of the postoffice according to James P. Wheat, postmaster. Never was such a volume of mail handled in any July in the history of the office and there has been an increase every month this year over last year.

Mr. Wheat says that there has been an average of 15,000 pieces

of mail handled in the local office every day last month. The receipts during July show a gain of almost 50 per cent over last year, being more than \$4,000 this year.

Mr. Wheat says that the mail order business is also the heaviest in the history of the postoffice for this time of year.

FARMERS PROTEST

FREIGHT EXTENSION

OPPOSE TRUCK LINE GOING INTO ARVIN AND WEED PATCH DISTRICTS

BAKERSFIELD, Aug. 2.—At a hearing before the State Railroad Commission in Los Angeles, next Friday, the Kern County Farm Bureau will oppose the application of the Bakersfield-Los Angeles Fast Freight Company for permission to institute automobile freight service through the Arvin and Weed Patch district. J. J. Deuel, who will appear for the farm bureau, announced today.

Opposition to the motor transportation company's application is made on grounds that the Southern Pacific Company, in constructing a ten-mile branch railroad from Magunden south through the Arvin and Weed Patch farm belt, should be given a clear field. The railroad project is welcomed by the farmers as a great boon for development of the district, and the farm bureau considers that the trucking company should not be given authorization to enter the field in competition.

When the branch railroad is completed, at a cost of approximately \$125,000, fruit, grape and melon growers of Arvin and Weed Patch, can load their products into cars directly from the fields. They must ship their crops by truck to Magunden now for load-

ing into cars. Deuel was appointed by the directors of the farm bureau to make the bureau's representations.

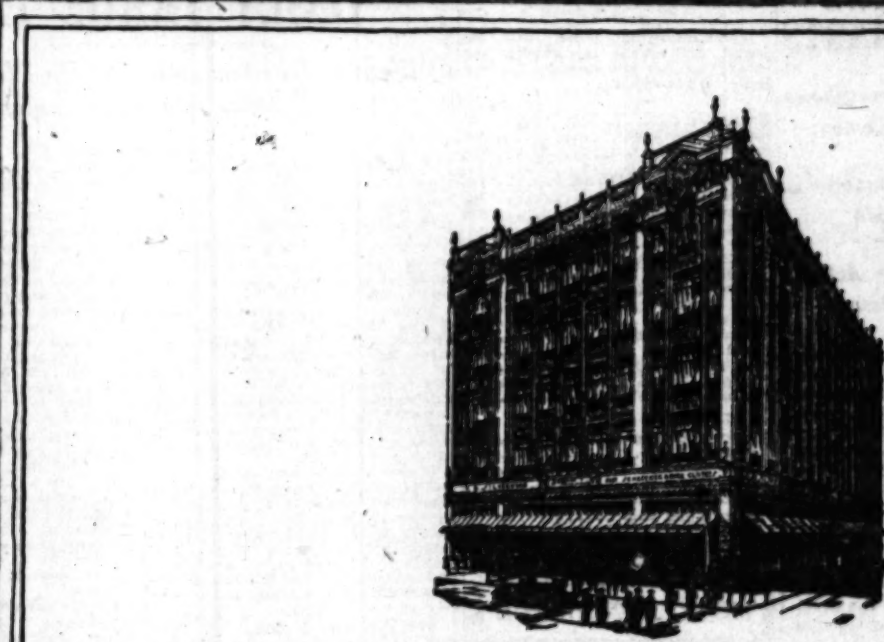

Preparations are being made by the farm bureau manager for presentation of data at the railroad commission hearing on revaluation of the properties of the Southern California Edison Company. This hearing will be held beginning September 11. The Edison company serves agricultural power consumers in portions of northern Kern county. The hearing was called on the Railroad Commission's motion.

A joint adjourned hearing by the State and Federal power commissions scheduled to be held in Bakersfield tomorrow on the applications of Los Angeles for two dams, reservoir and power-plant sites on the south fork of Kern River in Tulare county has been declared indefinitely postponed. Similar hearings at Bishop and Fresno also have been postponed pending settlement of the railroad strike, it was announced.

NEW PLACER STRIKE

IN KERN COUNTY

BAKERSFIELD, Aug. 2.—Placer gravel running 37 to the pan has just been uncovered in the old channel of Kern River, near the point where the first discovery of gold was made in Kern county in 1854, and from an examination of the ground it is apparent that the unworked portion of the channel is about four miles in length, reaching to the road which crosses the river at Kernville. The discovery of the channel was made by Charles and W. A. Gibson, with Mrs. Stephen Barton and others have located the entire area after careful prospecting to determine the pay streak. The richness of the ground worked below in the early days is well known.

TO AID GRAIN GROWERS

Farm Bureau Directs Marketing of Tulare County Crop; Other News Notes

PORTERVILLE, Aug. 2.—A Porterville location for the Tulare county office of the California Farm Bureau, Grain Marketing Association is now being sought. Most of the grain crop of Tulare county is raised in the section south of Porterville to the county line.

The California Farm Bureau is anxious to finance grain growers to a certain extent, and to control or direct the movement of grain so that it will not all be dumped on the market at one time. Loans are extended on the grain to farmers, so that the growers can meet harvesting and other expenses and can wait until the market is ready to absorb the grain before selling it.

Many of the grain growers of Tulare county have joined the Farm

Bureau and are marketing their crops through the bureau's corporation, according to report. Last season \$50,000 worth of grain was marketed from Tulare county, most of this coming from Porterville district, and the crop this year is expected to greatly exceed those figures.

CLINIC REPORT

VISALIA, Aug. 2.—During the month of July 134 patients from ten communities of Tulare county were admitted to the Tulare county Free Health center, in Visalia, according to report of Meda V. Kessler, resident nurse in charge of the institution.

Visalia furnished sixty-seven of these, Exeter 11, Tulare twenty-three, Dinuba four, Lindsay eleven, Porterville six, Woodlake two.

BUSINESS NEWS OF BUSY MARTS

Review of Conditions Shows Economic Improvement

Indication That Commerce is on the Upgrade

Bond Market More Active; New Lumber Issue

Aside from a modified seasonal decline, which is usually expected in July, there was little retardation in business activity last month. Current bank and trade reviews, which reflect the general economic opinion of the country, and the present progress remarkable in that it is being made in the face of the most unfavorable conditions encountered during the past six months.

The unfavorable elements in the present situation include the development of an acute crisis in Central Europe, characterized by the extraordinary demoralization of German exchange; the effort to bring about a nation-wide transportation strike as a means of forcing the whole country, and the force of the continuation of higher wages than the United States Labor Board has ruled should be paid; and the coal strike situation, which, if the government's intervention fails, threatens to bring about an acute fuel shortage this winter.

But, in spite of these factors there are many definite indications in various quarters that business is once more distinctly on the upgrade. New high prices for the year were reached during July in sugar, pork, cotton and print cloth. Iron and lead reached new high levels late in June. The Bureau of Labor Statistics reports a continued increase in employment in nearly all lines of industry. Retail trade figures indicate that throughout the country business in that field is about holding its own, although the wholesale dry goods trades have shown some falling off in business from last year.

Decreases in stocks on hand are reported from nearly all trades, and shipments continue to run ahead of production. As a result, prices in most markets continue to harden, and buyers in many lines are beginning to feel some anxiety, mainly on account of fears of delayed deliveries.

The building industry continues to lead the march of business activity with a steady increase in the volume of new contracts, which is bringing about a moderate advance in prices. Freight car loadings for the week ended July 22 were 861,134 cars, an increase of 73,000 over the corresponding week last year. Notwithstanding the fact that coal loadings are about half of last year, omitting coal loadings the mid-July total is the largest for this season of the year in the history of American railroads.

Agricultural conditions are fair. The heaviness of grain prices is, of course, quite dispiriting to the farmer, but fruits, vegetables and animal products are showing relatively better prices than grain. Shipments of vegetables are running far ahead of a year ago, and seem to indicate a large per capita consumption, a better business for the canning companies and grocery concerns, and incidentally a good demand for tin plate. Prices are generally higher than the 1921 averages.

Price indexes for all commodities have been advancing of late, but notable exceptions to this rule have occurred in petroleum, tires and automobiles. The many cuts have been announced. Security markets have been firm with a slight tendency to advance.

NEW LUMBER ISSUE

An offering of \$9,000,000 Long-Bell Lumber Company first mortgage 4 per cent sinking fund gold bonds, series "A," due 1942, by Halsey Stuart and George H. Durr & Co. syndicate at 98 to yield 4.81 per cent was the principal feature of yesterday's bond market. The issue is secured by standing timber, valued at \$11,721,215, as well as plants, mills and other properties. Earnings during the past ten years have averaged nearly twice maximum annual principal and interest charges on the present outstanding debt. A sinking

California Investors Absorb Big Imperial Issue; Farmers Are Strike Sufferers

BY CHAPIN HALL

A syndicate of California investment bankers, headed by the First Securities Company, with the Anglo London Paris Company of San Francisco as associate, is today offering for subscription \$2,000,000 Imperial Irrigation District 4 per cent bonds.

Under the reconstructed plans of the Imperial Valley Irrigation District, the entire irrigation operation will be carried on by the district itself. This means the elimination of the various mutual water companies which now receive water at wholesale and distribute it to their members at retail, at varying prices and under varying conditions.

These bonds, in the opinion of leading bankers, have a special appeal to California investors of large income, their yield being greater than that obtainable from the best public utility and railroad bonds similarly tax free in California, but not free of all Federal taxes.

When all of the bonds now authorized for the purpose of buying out the mutual water companies and for reclamation purposes over the next two or three years are outstanding, the total debt will amount to only \$14 per acre, or less than the production of a single year. The new bonds are being offered at a premium of 101 to 102, which is a reflection of the fact that the total maximum surplus to stock of record is \$1.00 per share, which includes interest and sinking fund requirements, is less than the stock of record.

These bonds, in the opinion of leading bankers, have a special appeal to California investors of large income, their yield being greater than that obtainable from the best public utility and railroad bonds similarly tax free in California, but not free of all Federal taxes.

When all of the bonds now authorized for the purpose of buying out the mutual water companies and for reclamation purposes over the next two or three years are outstanding, the total debt will amount to only \$14 per acre, or less than the production of a single year. The new bonds are being offered at a premium of 101 to 102, which is a reflection of the fact that the total maximum surplus to stock of record is \$1.00 per share, which includes interest and sinking fund requirements, is less than the stock of record.

Stock Trend Negatively Reassuring

Wall Street Suspends
Judgment Over Puzzling
Point

BY ALEXANDER DANA NOYES
(EXCLUSIVE DISPATCH)

NEW YORK, Aug. 3.—Today was one of those days when the stock market was watched with considerable anxiety to see what indication it would give if any, in regard to the late news of the previous afternoon. Its action was negatively reassuring. That is to say there was little or no selling of the kind which might have been imagined if financial judgment had drawn altogether dependent inferences from the deadlock in the strike negotiations and the British note to the European debtor nations. Such declines as occurred at the start were followed by quick recoveries and most stocks went above yesterday's closing prices. A subsequent slow reaction left the market with irregular changes for the day, but with quite as many fractional advances as fractional declines.

SUSPEND JUDGMENT
This passive attitude of the market undoubtedly pointed to suspension of judgment. Until some new move by one or another of the parties to the railway controversy shall indicate the probable sequel to the reply of the railway executives, the situation is difficult for anyone to judge. No such indication was provided today. On the other hand, the steadiness of the market was due to the absence of panic alarm and might be taken to reflect the opinion that the outlook had not been greatly altered by the refusal of Mr. Harding's proposal for restoration of service privileges to the striking shophmen! Such an inference is reasonable in view of the fact that Wall street had at no time anticipated assent to that stipulation. The one change in the situation lies in the fact that the untenable proposal was publicly rejected by Washington and publicly rejected by the railroads while for obvious reasons, the unions were accepting it. The precise consequences of this turn in the negotiations were matters of pure conjecture today and appeared to be so recognized by the course of the market.

THE BRITISH PUZZLE
As far as regards opinion regarding consequences, the note of the British Ministry to the continental governments remained as complete a puzzle as it was to most people when they first read it. The financial markets gave no clearly intelligible verdict. The French reply to the note was a puzzle, but both recovered subsequently. The action of the Paris exchange rate was exactly similar.

CHICAGO EXCHANGE PRICES, RANGE, SALES

SWINGING TO MOORE REVEALED

**Adolph Sutro, Veteran,
Takes Ballot on Train;
Johnson Poor Second**

"Seventy-one out of 141 persons I interviewed were for Moore. Forty-three were for Johnson, and twenty-seven told me 'It's none of your business' when I asked them their preference for United States Senator from California."

This was the result tabulated by Adolph N. Sutro of San Francisco. World War veteran and younger son of San Francisco's famed Mayor and philanthropist, the late Adolph Sutro, Mr. Sutro reached Los Angeles late last night on the coast line limited, and between San Jose and this city put in his time on a straw ballot on the Senatorial nomination outcome.

The people I interviewed weren't "hand-picked," but were

those I casually met on the train or at the various stations," said Sutro. "I was really surprised at the overwhelming Moore senti-ment, for I had heard no better."

"In every single instance where I interviewed a World War veteran who had been discharged, I discovered that the veterans who had found occasion to ask something of Johnson were particularly enthusiastic in their endorsement of Moore, for they all had first-hand examples of neglect by Johnson, as compared to the support for the discharge of his employees and friends who left civil life to don the uniform.

"San Francisco service men, through the Veterans' League, are supporting Moore almost to a man."

Of course the league is nonpartisan and nonsectarian, but a poll of the individual members shows a strong aversion to returning Johnson to the Senate."

Mr. Sutro is past president of the California branch of the Society of the First Division, and a vice-president of the national organization. He was wounded in the Argonne while serving as a machine gunner, and went through five major engagements with the American forces.

EXTENSIVE TOUR PLAN OF MOORE

*Candidate Arranges for
Speeches in San Joaquin
Valley*

[EXCLUSIVE DISPATCH]

SACRAMENTO, Aug. 2.—Frank C. Jordan, Secretary of State, and advance speaker for Charles C. Moore, candidate for the Repub-

clean nomination for United States Senator, returned to the capital today from a tour of the Sacramento Valley. He will leave tomorrow on a tour through the San Joaquin Valley to arrange meetings for Moore.

Mr. Jordan declared that Mr. Moore and his party are greatly pleased with the receptions tendered them in the towns they have thus far visited in their tour of the Sacramento Valley. He said Mr. Moore's meetings have been well attended and have been enthusiastic.

The speaking tour which Mr. Moore is planning in the San Joaquin Valley, will be even more extensive than the one which is carrying him through the Sacramento Valley, said Mr. Jordan. He plans to arrange for Moore meetings in virtually every town between this city south to Bakersfield.

"Moore is proving a very able campaigner," said Mr. Jordan today, "and he is winning support

Speaking at Corning, Tehama county, last night, Mr. Moore declared: "The Johnson machine is functioning stronger than the old

Talking at Woodland, Mr. Moore declared Senator Johnson has been a changed man since he went to Washington, adding that the Senator could no longer claim to be either a Republican or a Progressive and that he did not represent

the progressive tendencies of the Republican party. He criticized the Senator for accepting private employment from Hearst while holding public office, saying it could not help but hurt his influence in the Senate. Hearst also came in

the senate. Hearst also came in for criticism. Mr. Moore charging that the newspaper publisher is seeking the Democratic nomination for Governor in New York and backing a Republican candidate for the Senate in California.

MANAGEMENT CHANGED

The management of the Blue Sea cottagettes, La Jolla, has changed hands from Mrs. E. Y. Dickson to Mr. and Mrs. A. E. Kern, her son from the East. Mrs. Dickson will enter the real estate business with

offices at the Blue Sea cottagettes

BY MYRA NTE

The California Audubon Society and the Oberlin Association of Southern California have joined together to honor Dr. Lynda Jones, one of the foremost ornithologists of the country and head of the department of ecology of Oberlin College, at a picnic luncheon next Saturday at Sycamore Grove.

Dr. Jones, who will be the main speaker of the occasion, has just completed his sixth Ohio-to-Pacific Coast study trip with a party of eleven students, and is now encamped at Balboa Beach.

The party will leave Sycamore Grove at 10 a. m. for the picnic grounds, and for six weeks has made an extensive study of living organisms in relation to their environment in various sections of the country.

Oberlin College is unique in offering a field course of such comprehensive scope for college credit to both graduate and undergraduate students.

To Discuss Indians
Mrs. George W. McCoy, president of the Los Angeles Society, Children of the American Revolution, will entertain members and guests of the organization today at her home, 314 South Manhattan place, at 2:30 p. m. In addition to the program given by the young people themselves, Miss McCoy, an attorney, will address them on "The California Indians of Yesterday and Today."

Club Active
No formal sessions are being held by the Santa Monica Bay Women's Club this summer, but the month that has passed since the installation of the new president, Mrs. Joseph B. Braun, has been marked with unusual activity for the vacationers.

Early in July members participated in a civic parade by decorating and entering a distinctive float of unusual design. Selling flowers on the streets one day netted \$100.

Given Luncheon
Nine of the new officers and directors enjoyed a delightful luncheon recently given in their honor by Mrs. Braun at her home in Venice, followed by an informal business meeting in the afternoon.

Mrs. Braun announced several of her appointments for the coming year and outlined in a general way the policies she hopes to adopt as president of the club. Her most important innovation is the establishment of a minor child, which she held Saturday morning, which Mrs. Braun hopes will inculcate a love for good music and eliminate as far as possible the influence of the "phonograph" in the home.

A popular musician is to direct the chorus and it will be free to all bay district children.

Child welfare clinics are held every Wednesday afternoon, under the capable direction of Mrs. William Mattern, chairman, and many tourist babies are deriving benefits from the weekly weighing and free dietetic advice given by the physician in attendance.

Every Monday afternoon a coterie of club members meet for scientific exercises under the guidance of Mrs. Priscilla Drake, physical director, who also teaches them aesthetic dancing. This recreation section is a new department that was organized early in June and it is proving very popular with the members.

Liquor Destroyed
Twelve hundred gallons of liquor of various sorts and grades were poured into the sewer at the Federal bonded warehouse on Commercial street yesterday by U. S. Marshal Sittel. The stuff had been ordered confiscated following hearings in the local Federal Court by U. S. District Judge Bledsoe and Trippett.

Killed by Automobile
SAN DIEGO, Aug. 7.—Mrs. F. C. Lewis of National City, struck down by an automobile on Fifth street this morning, died shortly afterwards. Martin Childs, driver of the machine, was arrested pending an investigation.

Now is the Time to Get Rid of These Ugly Spots.
There's no longer the slightest need of feeling ashamed of your freckles as this is a reliable strength-is guaranteed to remove these homely spots.

Simply get an ounce of Othine-double strength—from any drug-gist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is the only under guarantee of money back if it fails to remove freckles.—(Advertisement.)

Diet and Health
By Lulu Hunt Peters, M.D.
Author of "Diet and Health, with Key to the Calories"

CONSTIPATION, CONCLUDED
For the last three days I have been giving you some articles on constipation. If you have missed them and are interested in the subject, you can undoubtedly get the numbers that have just preceded.

Before we talk about the remedy for constipation, let us talk a little bit about preventing the condition. One of the first things is this: A child should be taught very early that it is important to have a daily evacuation of the bowels at the same time of day.

Now in order to tell of the treatment of constipation, we will review briefly the causes of ordinary constipation, which are in general:

(1) Irregular habits; (2) improper diet; or insufficient diet; or too sufficient diet; (3) insufficient exercise; (4) nervous influences; (5) physical.

(1) Irregular habits. We have explained that.

(2) Improper diet. A diet should contain enough bulk so that the bowel has something to work upon.

The green vegetables and all vegetables and fruits not only contain cellulose, which is not ordinarily digested, but they contain the mineral salts, iron, calcium and vitamins necessary for health.

Brain is not digested ordinarily and that can be taken in sufficient quantities to increase the bulk. Dr. Kellogg says it is nonsense to say that the brain is sharp and may irritate the bowels.

It is the thoroughness with which the food is digested by the fluids of the intestinal tract (Count about 50 C. to a small cup of brain.)

Texan Squares
Ex-Wife's Suit
by Guarantees

Oscar A. Strobel, a wealthy Texan man who was rudely interrupted while a guest at the Ambassador, charged with failure to provide for his minor child, sued himself with Judge Summerfield yesterday. The charge was made by his former wife, Charlotte Strobel, a guest of the fashionable Arroyo Hotel.

Mrs. Strobel has since remarried and is enjoying the sights of Los Angeles with her wife. He stated to the court yesterday that his ex-wife would not answer his letters from Texas when he inquired about the child.

He stated that he failed to send money. Mrs. Strobel declared that she did not want to write to her ex-husband, but her father told the court that Mrs. Strobel's letters should be answered either by his daughter or by some one else.

Judge Summerfield was emphatic in saying that Mrs. Strobel should permit Mr. Strobel to see his child on forty-five hours notice; also, he said to the court that Mrs. Strobel's letters should be answered either by his daughter or by some one else.

It appeared that at the time of their domestic affairs, Mr. Strobel made a property settlement of \$1500 upon his wife. The court made an order of \$100 month for the support of the child. Mr. Strobel stipulated that he would put up \$1200 to guarantee the payment. Under these conditions the charge against him will be dismissed.

Killed by Automobile
SAN DIEGO, Aug. 7.—Mrs. F. C. Lewis of National City, struck down by an automobile on Fifth street this morning, died shortly afterwards. Martin Childs, driver of the machine, was arrested pending an investigation.

THE NEW
IN STORES AND HOMES

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS

By Olive Gray

Up-to-Date:
Long coats of fur will be large upon the fall horizon.

Even the coat dress for street wear discloses symptoms of drapery.

Blue and yellow, green and blue are newly popular combinations in millinery.

Each has been in vogue separately; now that they have gone into partnership, their hold upon favor will doubtless gain strength.

Long coats of fur will be especially modish during the coming winter. Mink, seal, mole, kolinsky, squirrel and fish lead in peltry, with many others used for trim.

New Fur Department
Possibly I should not call it a new department, since that store seventh—your know—has possessed a fur department heretofore, but so enlarged its scope and strengthened it that section, that it takes on the air of a real fur establishment.

Under the management of a leading furrier from an eastern city, the buying of fur has become an interesting feature of the store.

Los Angeles patrons will be especially concerned in the lesser weight of the fur garments shown, than on the tail and forty of the department set were guests.

Motor North
Miss Jane Shafer and Miss Jeanette Mackie motored up to San Francisco the first of the week and will spend several days there as the guests of Miss Shafer's sister, Mrs. Robert Bruce McGill.

Tea for Visitors
Mrs. Harold Wheaton of the Rampart Apartments will have a tea for the first of the week at the Ambassador Hotel on Saturday afternoon, to meet Mrs. Charles Pishman and Mrs. R. M. Jones, who are here from Phoenix, Ariz.

Return from San Diego
Mr. and Mrs. Harold English are expected to return from San Diego, where they were the guests of Mr. and Mrs. Thomas Hamilton.

Visiting Parents
Mrs. M. Augustus Baldwin, who before her wedding two years ago was Miss Alice Hamilton, is visiting her parents, Mr. and Mrs. C. H. Hamilton, at their home in Filtrine.

After a stay of several weeks, Mrs. Baldwin will go to Toronto, Can., to spend a month with her sister, Mrs. M. Hamilton, and then on to New York to join her husband.

For Mrs. Whitnah
In honor of their mother, Mrs. Charles E. Whitnah, who is here from Illinois, Mrs. J. M. Barton is giving a luncheon today at her home in Beverly Hills.

Back from Catalina
Miss Marie Collison and Miss Margaret Frey have returned from Catalina, where they were the guests of Miss Florence Muller, who is spending the summer months there.

At the St. Catherine
Dr. and Mrs. Henry S. Cheever of San Francisco are stopping for a while at the St. Catherine Hotel in Catalina.

Wedding at Evening
Following the marriage last evening of Miss Frances Westcott and Harry E. Rostrom, a reception was held at the home of the bride's parents, Mr. and Mrs. Frank Westcott, 2560 South Harvard boulevard.

In New York
Mr. and Mrs. Frank Peard of Alhambra, Cal., were in New York at the Savoy Hotel in New York.

Return from Outing
Miss Madeline Purdon and Mrs. Sue Kubitz returned Sunday from a stay of several days at the St. Catherine Hotel in Catalina.

BREACH OF PROMISE
ACTION POSTPONED
The suit for damages which Miss Melba M. Chandler brought last January against Earl R. Osborn, local merchant, has been continued until February 13. This date was set yesterday by Judge Warner, who is sitting on Judge Myers.

The young woman is asking for \$100,000 damages. She declared in her complaint that Osborn had broken his promise to marry her and that she had later learned that he was married. She is suing for breach of promise. The young man, Earl R. Osborn, gave her \$1250 to forget about him when she learned that he was married.

SEEK MORTGAGE ON
NEW WOMEN'S CLUB
In preparation for the erection of a six-story building, the Friday Morning Club yesterday petitioned the Superior Court for leave to have the mortgage on the property, the sum of \$350,000 will be borrowed from the Security Trust and Savings Bank for a period of ten years. The petition states, for this purpose.

SOCIETY
BY VIRGINIA WOODS

Returning East
Mr. and Mrs. Franklin K. Lane, Jr., have had as a guest for the past few days at their home in Ireole street, Mrs. Franklin K. Lane, Sr., who is leaving today for the East.

Luncheon, Bridge Parties
Mrs. William E. Foster, who resides at the Ambassador Hotel, is to give a luncheon and bridge party this Saturday for Mrs. Albert Miller Stephens and her daughter, Judge Stephens, is to leave on the 11th inst. for Pebble Beach.

While at Pebble Beach Judge and Mrs. Stephens will be domiciled at the Del Monte Lodge and will have there their breakfast a few days at the Samarkand in Santa Barbara.

Visitor from San Francisco
In compliment to Miss Vera Ternau, who is here from San Francisco, visiting her aunt, Mrs. R. C. Boruff of San Francisco, Miss Dorothy Sherrard gave a bridge tea Tuesday afternoon at the Los Angeles Country Club. A basket of vivid dahlias combined with asters and delphinium blossoms then once on the table and forty of the debutante set were guests.

Yesterday afternoon Miss Ternau visited at the home of her aunt, Mrs. R. C. Boruff, at her aunt's ranch home in San Fernando.

Motor North
Miss Jane Shafer and Miss Jeanette Mackie motored up to San Francisco the first of the week and will spend several days there as the guests of Miss Shafer's sister, Mrs. Robert Bruce McGill.

Tea for Visitors
Mrs. Harold Wheaton of the Rampart Apartments will have a tea for the first of the week at the Ambassador Hotel on Saturday afternoon, to meet Mrs. Charles Pishman and Mrs. R. M. Jones, who are here from Phoenix, Ariz.

Health Still Poor
Her health unimproved after three months at Eureka Springs, Ark., Mrs. Genevieve Potter Case, in company with Mrs. Dolly Potter Epps, has returned to Los Angeles.

The Potter sisters, known to the public for their concert readings.

Property Out of State Not Taxable Here
Property situated outside California is not taxable in this State, despite the fact that the property is assigned in a will executed by a resident of California. This principle was announced in a decision handed down yesterday by the State Supreme Court.

The matter under consideration by the court was a \$200,000 estate left by Charlotte Bowditch, who died in Santa Barbara in 1919. All of the property was located in Massachusetts, where the fortune was founded by Nathaniel Bowditch, a scientist and mathematician of pre-revolutionary ancestry.

Therefore the beneficiaries of the will protested against paying an inheritance tax to the California State Comptroller. Their appeal was upheld by the Supreme Court.

Propose Plan for Extension of Boulevard

At a meeting last night of the Santa Monica Boulevard Association, a newly formed organization numbering among its members representatives from several small cities, half a dozen Hollywood improvement associations and other civic bodies interested in the development of Santa Monica Boulevard, it was decided to investigate the possibilities of opening up Santa Monica Boulevard from Glendale to the sea along Hyperion street and the present boulevard.

Unmasked Trio of Bandits Rob Jewelry Store

Gunless, maskless, careless; in fact, less any of the usual bandit paraphernalia, three men walked into the jewelry store of H. B. Crouch at 423 West Ninth street shortly after 3 p.m. yesterday afternoon and robbed the proprietor of a tray full of diamond stick pins valued at \$1200.

TRIAL ACCUSED BLACKMAILER

OTTE E. Aug. 2.—Otto E. Freeman, charged with an attempt to extort money from Judge J. B. Freeman of Department of the Superior Court, showed up at the trial on a charge of blackmail yesterday afternoon.

Schools and Colleges

Pacific Military Academy AT CULVER CITY

A new progressive school for manly boys, six to sixteen years. New buildings, best equipment, excellent faculty. Immediate environment, unsurpassed location, all athletics, swimming, dancing. Address Head Master at Culver City for catalog.

The San Diego Army and Navy Academy

One of two military schools in Southern California enjoying the University of California's highest scholastic rating, "Division A." The first school on the Pacific Coast to secure the West Point Accrediting.

LETTER FROM SECY OF NAVY

"I was very much impressed with the excellent showing made by the pupils of your Academy at the review at the U. S. Marine Corps base at San Diego on June 8th, and I wish you and the San Diego Army and Navy Academy the fullest measure of success."

"EDWIN DENBY."

NUPTIAL MIX-UP BEFORE JUDGE

Woman Weds Brothers but is Wife of Neither

Hasty Remarriage Cause of Difficulty

Annulment of First Vows Sought in Court

Married to two brothers, but the wife of neither and apparently on friendly terms with both, was the unhappy experience of Mrs. Gertrude M. Ford, who yesterday sought an annulment of her second marriage, in Judge Summerfield's court.

The decree will be granted just as soon as Mrs. Ford, through her attorney, F. W. Morrison, can obtain certification that the decree divorcing her from Walter H. Ford has been signed by an eastern court.

FLEET TO GET ROYAL GREETING

Los Angeles Harbor Now Arranging Welcome for Returning Sailors

Plans were laid at Los Angeles Harbor last night for a monster welcome to be given the Pacific Fleet, when it returns to the home base from northern waters, September 8.

Sues Brother of Marilyn for Desertion

Marilyn Miller, star of Ziegfeld's "Bally," who became Mrs. Jack Pickford on Sunday, last, was asleep at 3:30 p.m. last night when word was received that her 27-year-old brother, Edwin D. Reynolds, of Minneapolis, was being sued for desertion by Lola Reynolds, his wife, on charges of non-support and desertion.

YOUTHFUL BURGLAR CAUGHT AT HARBOR

JOHN WATSON, AGED 15 YEARS, ADMITS SECOND-STORY HOTEL JOB

Los Angeles Harbor police claim the capture of the State's youngest burglar. He is John Watson, aged 15 years, an escaped ward of Juvenile Hall, who was arrested yesterday by policewoman Margaret Curley. John admitted having scaled the outside drain pipe of the Rose Hotel in San Pedro to gain entrance to second-story rooms of the hotel.

LAST RITES FOR FILM PRODUCER'S DAUGHTER

Funeral services for Shirley Christie, aged 11 years, the only daughter of Al Christie, of the Christie studios, will be conducted in the Strother & Dayton chapel at 4210 Hollywood Boulevard, tomorrow at 2:30.

NOTICE

Capt. Thos. A. Davis, Pres. will be in Los Angeles

Alexandria Hotel, Mezzanine Floor, 10 a. m. to 4 p. m.

Today, Friday and Saturday, August 3, 4, 5

and will be pleased to meet parents interested in choosing a good school.

SUSPECT SPEED MARVEL

Bay City Youth, Assorted Burglar, Shows Police What Man Can Do in Two Hours

Two hours after he stepped from a train arriving from San Francisco yesterday morning, George Cedar, 23 years of age, had located one residence and two apartments and obtained jewelry and watches valued at more than \$1000, according to the police.

Cedar's asserted route on Los Angeles came to an excited end when after falling to elude pursuing police officers he was caught in a flying tackle made by Detective Knapp.

Cedar's schedule of asserted burglar activity which is said to have set a record was, as Detective Knapp figured it:

11 a.m.—Arrives at Southern Pacific Depot.
11:30 a.m.—Saunters through business district picking up light lunch on way.
12 m.—Gives the residential district the once over.
12:30 p.m.—Walks out of the residence of Mrs. Mary P. Merrill.

In this recital will be used the favorite among real artists—
The SOHMER Piano

In the SOHMER

Cupid Grand Piano

the attainment of diminutive size without a lessening of SOHMER tonal qualities gives the Cupid Grand a place exclusively its own among small Grands. Its petite charm is enhanced by a nobility and fullness of tone surprising in so small an instrument.

The distinguished recognition of this great instrument's merit by many of the nation's foremost artists and teachers reaffirms it as the supremely satisfying instrument for the student and the music lover.

Sold in Los Angeles Only at Barker Bros.

Rheumatism at 60

A. S. S. Thoroughly Rids the Body of Rheumatism Impurities

Somewhere's mother is suffering tonight. The source of rheumatism has weakened her body. Her suffering, bent forward, she sees but the common ground, but her aged heart still belongs to the stars! Does anybody care? A. S. S. is one of the greatest blood-purifiers known, and it helps build more blood cells. Its medicinal ingredients are purely vegetable. It never disturbs the stomach. It is, in fact, a splendid tonic, a blood maker, a blood purifier, a blood cleanser, a blood builder. It builds firm flesh. It is what somebody's mother needs tonight! Mother, if you can not go out to get a bottle of A. S. S. yourself, experience it for yourself. It is believed that the new system will do away with all labor trouble. President J. D. McGilvray stated in an address yesterday morning that the granite of California is as

JEWELER HELD FOR "FENCING"

Robert Lomax Charged With Buying Rowan Stones

Arrest Follows Confession of Captured Bandit

Merchant Admits Purchase of Other Diamonds

Robert Lomax, aged 31 years, jeweler at 349 South Broadway, was yesterday arrested by Detective Sergeants Williams and Davidson as the asserted "fence" who purchased twenty diamonds stolen from Mrs. V. J. Rowan when she was locked in a clothes closet with her maid and robbed of \$25,000 worth of jewelry in her home at 322 South Lake street June 1.

The arrest of Lomax followed soon after the detectives say, they obtained a confession from Elmer G. Bauman, one of the asserted trio of bandits who robbed Mrs. Rowan, in which he stated that Lomax bought the diamonds from him. Lomax through his attorney, S. B. Hahn, in whose office at 316 Bank of Italy Building he was taken into custody, denied that he had purchased the stones from Bauman.

OTHER PURCHASE MADE
Lomax did admit, however, the detectives declared, that he recently purchased twenty diamonds from a broker by the name of Williams. Lomax, according to the detectives, said he paid \$50 down on the stones. Coincidentally with this statement, the statements of Bauman to the effect that he received the same amount from Lomax, Bauman was to receive \$1250 for the twenty stones, which the detectives say were valued by Mrs. Rowan at \$10,000.

Lomax, according to police records, when arrested yesterday was out on parole after serving seven years in San Quentin for second degree murder. His parole ended November 17, the records show. Lomax, according to the records, was sentenced to serve twelve years on the second degree murder charge after it was found that he had shot and killed R. B. Shaw, a former employee of his, when he conducted a jewelry store at 325 South Spring street.

MURDER IN STORE
The shooting is reported to have occurred July 15, 1914. Shaw, it was shown, had returned to Lomax's store that evening to obtain from his former employer money which it is said Mr. Lomax owed him. An argument ensued. Lomax was reported to have picked up a gun to defend himself. As the sound of two shots died away Shaw fell dead on the floor of the jewelry store.

Lomax, it is reported, solicited the aid of former Attorney Earl Rogers, who immediately communicated with the police. Former Detective Sergeant Fitzgerald, who and Detective Ziegler placed Lomax under arrest. His trial followed and was sensational to some extent as Lomax was considered a wealthy man and was the head of a family of four children. Bauman, who the detectives say, was the purchaser of the diamonds in his confession, was arrested in Hutchinson, Kan., last week. He was brought to this city Monday by Detective Sergeants Williams and Davidson and charged with robbery. Lomax was reported to have been one of the trio who robbed Mrs. Rowan. His asserted "pals" in the robbery, W. E. Groves, and Mike Sullivan are now in the County Jail. Jack Sydenberg, charged with having received stolen property, and "Wild Bill" Allen, charged with robbery, are also in the County Jail suspected of being implicated in the robbery of Mrs. Rowan. Lomax is held on suspicion of having received stolen property.

AMERICAN LEGION TO WELCOME NEW CHIEF

John R. Quinn, State Commander of the American Legion, will arrive here today on his first official visit, which will be celebrated by a reception being placed this evening in the Washington Building headquarters of Los Angeles Post No. 5.

Delegations from other American Legion posts will be present to officially greet the new commander. Various speakers of prominence and a musical program will provide entertainment.

AMERICAN PLAN ADOPTED

California Granite Dealers Declare New System of Dealing With Workers Proves Success

After proving its worth during a year of thorough testing, the American plan was officially and unanimously adopted at yesterday's meeting of the California Granite Manufacturers' Association at the Ambassador and into the constitution and by-laws was written the provision that all members must operate their business under the American plan. Many questions relating to apprentices, wages and other labor conditions were discussed.

It was decided that the employers should provide life insurance in addition to State compensation. The new plan adopted calls upon the employer to start paying for a life insurance for each employee who has been with him for three months. The insurance is paid for in installments until a sum of \$1000 has been reached. When the payment is complete, if the employer leaves the firm who is paying for the policy and goes to the shop of another member of the organization the insurance will continue to be paid by the new employer.

EFFECTIVE AT ONCE
The American plan is to go into effect at once in the shops of all members of the California association. The unions have not permitted apprentices to work in the granite cutting business and as a result there has been a shortage of experienced men, the only cutters being old men. Under the new plan apprentices will be permitted to enter the business and after a few months' training will be able to qualify as experienced workmen. It is also believed that the new system will do away with all labor trouble. President J. D. McGilvray stated in an address yesterday morning that the granite of California is as

WOULD HANDLE BOND ISSUES

Bank Seeks to Float Entire Sum for Irrigation

State Approves Imperial Valley Plan

Will Construct Colorado River Weir

EXCLUSIVE DISPATCH
EL CENTRO, Aug. 2.—In session today, directors of the Imperial Irrigation district received an application from a Los Angeles banking syndicate to handle the district bond issue recently voted for an additional \$1,000,000 of the issue, under the terms of a flotation agreement already made. The syndicate has taken the first \$1,000,000 of the \$7,500,000 total authorized and holds an option on \$4,500,000 at 34 cents.

While the district board is readily agreeable to disposing of the second installment on these terms, the application could not be granted today, as the State Board of Commissioners has not yet formally entered into the transaction entered into. Assurance has been received from the commission that favorable action is delayed only by the vacation season at Sacramento and the legal authorization will be issued within a few days.

Contract terms with the Yuma Irrigation district, by which the Imperial Irrigation district will construct a weir in the Colorado River for the purpose of impounding reserve water, was ratified by the Imperial board today. The latter district posts a bond of \$500,000 to indemnify Yuma from any damage from possible overflow of back water.

LOS ANGELES COUNTY DEER SEASON CLOSED

The deer season is not open in Los Angeles county and it will not be open until September 16, according to the statement which County Forester Flintham made yesterday. Deer may be hunted in Ventura county, for the season opened there last Tuesday. Guards have been stationed along the boundary lines of the two counties and any person following deer into Los Angeles county and killing and selling the same will be prosecuted, according to the announcement. A survey of the county line has been made so as to prepare a map showing the boundary with exact information, the forester said.

NEW PARKING RULES

Hollywood Streets Designated Where Autos May Stand

Suspending the rules yesterday the City Council passed an ordinance to permit auto parking on certain streets in Hollywood between 5 p. m. and 6 a. m. The streets in question are Hollywood Boulevard between Hollywood Boulevard and Hollywood Boulevard; Hollywood Boulevard between Hollywood Boulevard and Hollywood Boulevard; Hollywood Boulevard between Hollywood Boulevard and Hollywood Boulevard; Hollywood Boulevard between Hollywood Boulevard and Hollywood Boulevard.

PLUMBING SUPPLY CATALOGUE ISSUED

A comprehensive and authoritative catalogue for the plumbing trade has just been printed by The Times-Mirror Printing and Binding House for the Pacific Pipe and Supply Company of 1002-1004 South Santa Fe avenue. The book is the last word in catalogue printing; compact yet containing nearly 800 pages; typography perfect and binding especially serviceable. The whole represents a mammoth job of compilation, admirably brought to the finished product by the most expert printing.

STONER TO SPEAK
"Industrial Problems in Los Angeles" will be the subject of an address to be given this evening by H. J. Stoner, director of the extension department of the University of California, before the production superintendent of Los Angeles factories. The meeting will be held in room 304 Severance Building.
